in today's dynamic environment. Recall from Chapter 1 that organizing is defined as the process of creating an organization's structure. That process is important and serves many purposes (see Exhibit 5-1). The challenge for managers is to design an organizational structure that allows employees to work effectively and efficiently.

### **PART 3 ORgAnizing CHAPTER 5 Organizational Structure and ...**

An organization is basically a group of people who collectively work to achieve common goals. Division of responsibilities under a ranking system is the backbone of any organization. In order to understand an organization, we need to take a close look at its organizational structure. This will tell us how all members of the organization function.
