To check this solution, we looked up the situation in Jean-Marc Roudinesco's Dictionary of Suit Combinations. Roudinesco gives the same line of play, with the same chance of success. However, when we gave this problem to Finesse, we obtained a different suggestion: Lead low to the nine. If East plays low and West wins, cash the ace next.

Make No Mistake: Computers vs Suit Combinations

In the card game contract bridge, a suit combination is a specific subset of the cards of one suit held respectively in declarer's and dummy's hands at the onset of play. While the ranks of the remaining cards held by the defenders can be deduced precisely, their location is unknown. Optimum suit combination play allows for all possible lies of the cards held by the defenders. The term is also used for the sequence of plays from the declarer and dummy hands, conditional on intervening plays by t
