Quartzite is a natural stone, formed under the Earth. This stone can be classified as a Metamorphic rock, meaning that over time, layers upon layers of sandstone are subjected to heat and pressure, to form the beautiful stone pieces that we use to make your dream project. The stone is then quarried from the Earth in big chunks or “slabs”.

Dory is one of my favorite book characters because her imagination is THE BEST! She has three imaginary friends: one monster friend, one fairy godmother that’s actually not a lady, and one bad lady nemesis. This book is totally hilarious and you’ll love the child-like illustrations — it’s a favorite chapter book series for second graders.

Some skeptics still view cannibalism as never having happened, a product of the European imagination and a tool of the Empire, with its origins in the disturbed human psyche. The common factor in the history of cannibal allegations is the combination of denial in ourselves and attribution of it to those we wish to defame, conquer, and civilize.

A legend is sung of when England was young a s knights were brave and bold. The good king had died and no one could decide who was rightful heir to the throne. It seemed that the land would be torn by war or saved by a miracle alone, and that miracle appeared in London Town, the sword in the stone. And below the hilt in letters of gold were written these words: "Whoso pulleth out this sword of ...
