AAA Smart Home Security Systems & Alarm Monitoring

History. Early home automation began with labor-saving machines. Self-contained electric or gas powered home appliances became viable in the 1900s with the introduction of electric power distribution and led to the introduction of washing machines (1904), water heaters (1889), refrigerators, sewing machines, dishwashers, and clothes dryers.. In 1975, the first general purpose home automation ...

From Smarthome it is also possible to set up cloud backup. I have not yet set up this as I need to decide that it is safe enough to do so. On the other hand I had this set up on my two Veras. It would have been nice to be able to schedule a local backup of Z-way instead of having to put them in the cloud, perhaps from OpenLuup via the Z-way bridge?
