Today we're showcasing the Marantz 3600 Pre-Amplifier that came in for a restoration. The 3600 has long been considered one of Marantz's finest solid state pre-amp pairings using original quality films and a simply straight forward gain stage pre-amp. Power Supply & Time Delay Circuit. The 3600 is unique I think in the fact it utilizes a

The preamplifier is a control amplifier that incorporates the idea of Marantz that it should be like. In the design of the basic circuit, simulation is carried out many times so that the maximum value is obtained in each characteristic such as harmonic distortion, intermodulation distortion, S/N ratio by programming the input source as far as possible and 1
