## Get Free Text Document Image Restoration Matlab Code Bing

The goal of document image restoration is to recover an actual image from the degraded image. In the proposed work, document image restoration based on Background Estimation and Expectation-Maximization algorithm is implemented using Matlab 2008b. Expectation Maximization algorithm estimates the parameters of the Gaussian Mixture

The field of image restoration (sometimes referred to as image

## Get Free Text Document Image Restoration Matlab Code Bing

deblurring or image deconvolution) is concerned with the reconstruction or estimation of the uncorrupted image from a blurred and noisy one.

Essentially, it tries to perform an operation on the image that is the inverse of the imperfections in the image formation system.
