**Bmw E36 Manual Transmission Fluid**  
Comments: Hi, I own a 2001 BMW 325ci, with a manual transmission. It has got around 95,000 miles on it, and the shifting is real good. I am the third owner, and don't believe that it has had a transmission fluid change. I have been quoted –\$200 for the change @\$110 per hour labor plus fluid What are your thoughts on this?

Manual Transmission Fluid Your manual transmission can take a heck of a beating over the years and it is one of the most neglected service areas on a car. The fluid assists in the lubrication and heat disputation of the transmission, and even though it is in a closed environment, the fluid can become old and contaminated.

BMW Manual / SMG / DCT Transmission Fluid Vintage 5-speed manual Most manual transmissions on vintage models do not have a fluid label on the transmission because nearly all gearboxes took the same fluid - a universal GL-4. If no label is present, the official recommendation is any GL-4 gear oil. Our favorite is the Red Line MTL.

A BMW automatic transmission holds about 9.5 qt of ATF fluid. That is full system capacity, which includes all the oil in the transmission, oil pan, and torque converter. If you are not going to flush the whole system but only drain the oil pan you need about 4.5 qt of oil.

**Troubleshooting BMW Transmission Problems | YOUCANIC**  
The spec is from the BMW manual and the Dex III is the lifetime fill. Well, define life time, tell me what's the lifetime of a BMW transmission? If the transmission lasted 70,000 miles, the fluid really lasted to the life of the transmission, however if you would change the fluid you could get 3 or 4 times of that out of the tranny.
