Manual Steering Gears - Lares Corporation

- The Ford steering box is internally (external housings are not shared) a GM Saginaw manual steering box. Since the Ford steering boxes use Saginaw internals, many GM parts interchange and some can provide performance upgrades. - 1971-73 Mustangs with power steering use either a Saginaw or Ford integral power steering box.

Steering Box Info - Visit Dark Horse Racing For Betting ...

Ford manual-style steering boxes (those that do not have power steering fluid running through them), use a grease internally as a lubricant - not a fluid. This grease is a moly or lithium-based grease like used in lubricating the suspension and steering linkage.
