debut novel Norse Code was my first foray into urban fantasy, so I'm admittedly out-of-my-element. I did find Norse Code to be entertaining enough, but it really wasn't my cup-of-tea. Along with the characters being a little hokie, there seemed to be a few holes in the story.

If you're new to Norse mythology, I'm not sure I'd recommend this; while van Eekhout will give you a comprehensive introduction to Ragnarok, I think the book would be less enjoyable for not knowing the tradition that he's playing with.  
Rating: 7 out of 10.
