Control Your universal remote can operate a variety of brands of components. In order for your universal remote to control your components, you need to program the remote with the codes that match the components (See Code Lists enclosed). These codes enable the remote to communicate with your components.

rcr312w remote. You have followed the instructions and it still isn't working. Finally, you go to the RCA website and find out that you need to keep pressing the reverse button until the TV turns on then press stop. The directions on various sites said to press the reverse button, but did not specify how many times.
