As a visual artist, I find this to be a very interesting and empowering concept. This true-fan 'business model' reminds me a lot of the independent rap artist from the Bay Area: Too Short, E-40, etc began their careers by "selling records outta the trunk", bypassing major record labels and getting supported financially by local 'true fans'.

The Technium: 1,000 True Fans

Online value proposition definition. An online value proposition is closely tied to your brand positioning which answers questions like: who we are, what we offer, which markets do we serve, what makes us different?. But it's more than just a selling proposition since it shows what you can offer in way of content, products, services and experiences to engage online customers.
